

The Ballet & Dance Center

General Division 2016/17

Creative Movement - Preschoolers

Creative movement is designed for children 3-5 years of age, and introduces them to the wonderful world of movement and dance. The class combines large and small locomotor movement, the Elements of Dance (time, space and energy), rhythm exercises and basic ballet terminology. Children have fun learning movement skills with bean bags, scarves, maracas, ribbon sticks, parachutes and books. The class will help the student achieve better coordination, flexibility, balance, and self-confidence in a respectful and caring environment. Karen Menter has been developing her curriculum over the past 30 years and shares her love of dance with all her students.
